

## LUXURY WHEELS

A former Burnaby businessman has started up Empire One, billed as Western Canada's first premier car club.

Harvey Sanghera, president and founder of Empire One, officially launched the club on March 29 at the Vancouver International Auto Show.

Club members are able to choose from a selection that includes a Maserati Quattroporte Sport GT and a Maserati Gran Turismo S, a Bentley Continental GT Speed, an Aston Martin Vantage, a Porsche 911 Turbo and a Lamborghini Gallardo Superleggera.

Membership works by combining points and kilometres, which count towards driving time in the car of their choice.

Raj Mundi, the club's operations director, has ties to Burnaby, where his immediate and extended family live. For information on the club, visit its website, [www.empireone.ca](http://www.empireone.ca).
